Mayor Healy Announces Mobile Mail Unit Will Service Lafayette Community & Seniors Mayor Pledges to Seek Reopening of Lafayette Branch

JERSEY CITY – Mayor Jerramiah T. Healy announced today that residents of the Lafayette community will have a mobile mail unit service their postal needs while the Lafayette Branch of the United States Post Office is closed for emergency purposes.

The mobile mail unit, called a post office on wheels, will be stationed in front of the **Provident Savings Bank at 350 Communipaw Avenue on Mondays, Wednesdays, Thursdays and Fridays** between the hours of **9 a.m. and 11:30 a.m.** The mobile mail unit will also be stationed in front of the **Lafayette Living Center, a senior residence, at 463 Pacific Avenue on Fridays between the hours of 3 p.m. and 4 p.m.**

“We are happy that the Post Master and his staff met with us, listened to our concerns and recommendations and came up with this temporary accommodation for the people of the Lafayette community,” **Mayor Healy** said. “We have also spoken with our Congressman Albio Sires, who has been in contact with our other two Congressmen and the two Senators who represent Jersey City, and they have pledged to be strong advocates at the federal level to keep that Post Office open for that neighborhood which is heavily populated and is where many seniors live.”

Customers utilizing the mobile mail unit will be able to mail letters or packages, purchase stamps, send expedited mail, and purchase money orders. Payment can be made with cash, checks, credit cards and debit cards.

All media inquiries should be directed to Jennifer Morrill, Press Secretary to Mayor Jerramiah T. Healy at 201-547-4836 or 201-686-7244.
